

A Special Visitor

Antonio Banderas visits Mercy Center!

June 28th marked a special day for us. The relationship between Antonio Banderas and Broadway Cares led to the House of the Roses (www.HouseOfTheRoses.com), a Mercy Center partner that works with Mercy Center children to teach dance and rhythm. These volunteers bring an incredible combination of proficiency, technique, enthusiasm, energy and joy – all to the benefit of our children and the other four sites they visit weekly in Bronx and Manhattan. They brought Antonio to Mercy Center for a class with our children. A prize goes to anyone who can identify the person who is having the most fun!
